

California Citrus State Historic Park

Volunteer Duty Statement

Grove Maintenance

Title: Grove Maintenance Volunteer

Purpose: Our purpose for this program is to maintain the varietal groves at California Citrus State Historic Park

Duties: Upon successful completion of volunteer orientation volunteers will work in the varietal groves at California Citrus State Historic Park. Duties include weed removal, cleaning trails, trimming, hauling brush, enhancing tree wells, and removing old citrus. Volunteers are expected to use had tools like saws, loppers, shovels, hula hoes, rakes, and wheel barrels. Volunteers may have occasional public contact and a general knowledge of the park is expected. Additionally, volunteers may attend training fieldtrips off site and help with special events.

Reports to: Volunteer Coordinator and / or Park Ranger

Skills

Qualifications: Grove Maintenance Volunteers are able to hike up steep slopes in the groves. They are also able to lift and carry items weighing fifteen pounds, such as a bag of old fruit, potted plants and soil amendments and/or work in pairs when lifting and carrying items heavier. Team members use gardening hand tools such as shovels, rakes and pruners in a safe manner. Volunteers must work well with others; this includes staff and volunteer.

Time Commitment: Two shifts or 8 hours per month

Benefits: Training on the natural and cultural history of the area, opportunity to make new friends while enriching and enhancing the experience of park visitors, and earn a District State Park Pass for over 100 hour per year or State Park Pass if over 200 hours per year and to have fun.

I have read the above job description, and I am willing to complete the necessary training and paperwork to be a volunteer at California Citrus State Historic Park.
